Performance Parameters

Functional Requirements	22 / 30
UI/UX	13 / 20
Code Architecture & Best Practices	12 / 20
Viva / Concept / Q&A	5 / 20
Communication	5 / 10
Grand Total	57 / 100 Grade: C

Overall Remarks

The student shows a commendable understanding of functional requirements, scoring well in this area. However, performance in critical technical aspects such as code architecture, best practices, and conceptual knowledge is significantly lacking. UI/UX design and communication skills are at an average level, indicating areas for moderate improvement.

Feedback Points

1. You have demonstrated a strong ability in fulfilling functional requirements, which is a significant strength.
2. There is a critical need to enhance your understanding and application of code architecture, best practices, and fundamental technical concepts.
3. Focus on improving your UI/UX design skills and developing clearer, more effective communication strategies.
