Batch : BVOC

Batch No : 1

Audit Date : 10/7/2026

Generated : 17/7/2026

Performance Parameters

Python

90 / 100

Grand Total

90 / 100 | Grade: A+

Overall Remarks

-

Feedback Points

1. Excellent Python performance; consider exploring advanced topics like asynchronous programming or decorators.
2. Focus on mastering edge cases and error handling to bridge the gap to a perfect score.
3. Seek opportunities to apply your strong Python skills to more complex projects or real-world problems.
